APR 15 2005

MEMORANDUM FOR OFFICE OF THE UNDER SECRETARY OF DEFENSE (ACQUISITION, TECHNOLOGY AND LOGISTICS)

SUBJECT: Realignment of Acquisition, Technology & Logistics (AT&L) offices
supporting Business Transformation

As we move forward with business systems transformation efforts, it has become apparent that a realignment of AT&L offices supporting business systems modernization is necessary to better align the personnel, resources and responsibilities within AT&L toward the common goal of an integrated and efficient supply chain supporting the warfighter.

The organizations of Defense Procurement and Acquisition Policy, E-Business (DPAP-EB), (Acquisition Domain), and Logistics Systems Management (LSM), (Logistics Domain) will be reorganized into a single directorate. The merged directorate will support all of the existing acquisition and logistics roles and responsibilities previously managed by the two separate business domains.

The Special Assistant (SA) for Business Transformation (BT) will pursue and make recommendations for an appropriate organizational construct for this new organization. LSM and DPAP-EB will work collectively to develop a transition plan to be reviewed by the SA (BT) and approved by me no later than April 30, 2005. All of these offices will align and report to the SA (BT) effective upon the signing of this memorandum.

Michael W. Wynne
